Ms Kirsten Walli
Board Secretary
Ontario Energy Board
2300 Yonge Street, 27th Floor
Toronto, Ontario M4P 1E4

Dear Ms Walli:

Re: EB-2013-0187/196/198 - Hydro One Norfolk MAADs

I refer to the recent Declaration and Undertaking as to Confidentiality, filed by each of Messrs. Barile (counsel to Essex Power) and Wilde (counsel to Horizon).

Further to Procedural Order No. 3 herein dated August 6, 2013, Hydro One Inc. and Hydro One Networks Inc. (collectively, "Hydro One") object to providing these counsel with access to the Confidential Version of the Attachment. Hydro One's objection is based on the fact that all LDCs, including the LDCs represented by the said two counsel, are either active or potential bidders for the acquisition of LDCs and therefore have a competitive interest in seeing the confidential material.

Hydro One notes that in EB-2007-0063, which dealt, in part, with smart meter prices, the Board ordered on the first day of the hearing (June 15, 2007) that a portion of the oral hearing take place *in camera*, with the exclusion of competitors and certain of the LDCs, on the basis that information of benefit to competitors should not be heard by competitors.

Hydro One therefore asks that the Board make a similar ruling in the Norfolk proceeding.

Yours very truly,
