Ontario Energy Board

Dear Ms. Walli:

**Re: Enbridge Gas Distribution Inc. ("Enbridge")  
2014-2018 Customized IR Application  
Board File Number: EB-2012-0459**

Further to the Board's July 22, 2013 Notice of Application and Hearing Enersource Hydro Mississauga Inc. ("Enersource") requests intervenor status in the above-referenced proceeding.

Enersource distributes electricity to the City of Mississauga, under Distribution License (ED-2003-0017) issued by the Ontario Energy Board (the "Board"). As a regulated utility and a stakeholder in the energy sector, Enersource appears regularly before the Board and therefore has an interest in Enbridge's 2014-2018 customized incentive regulation mechanism ("IRM") application.

Since the Board uses a similar IRM approach for setting Ontario's natural gas distributors' rates as those of electricity distributors, Enersource has a direct interest in all matters in this proceeding and in the Final Decision of the Board.

Enersource intends to participate in this proceeding by reviewing the application and pre-filed evidence, and reserves the right to make submissions as it deems necessary.

Enersource is not eligible for and does not intend to seek a cost award in this proceeding.

Enersource requests that electronic copies of Enbridge's prefiled evidence and documents related to this proceeding be directed to:
