**Licence Number: ES-2007-0926**  
**Board File Number: EB-2013-0292**

Dynergy Energy Management Inc. ("Dynergy") respectfully requests the opportunity to extend the current Unit Sub-Metering Licence, which expires on August 21, 2013.

Dynergy is currently licenced under the Ontario Energy Board for a Unit Sub-Metering Licence (Licence Number: ES-2007-0926) through the period of August 22, 2008 – August 21, 2013.

Dynergy filed an application for a Unit Sub-Metering Licence electronically on August 7, 2013, couriered on August 8<sup>th</sup>, 2013. We received an acknowledge receipt letter on August 14, 2013, indicating that the Board has assigned file number EB-2013-0292.

After speaking with Gona Jaff, Project Advisor, it came to our attention that the application process takes up to 90 days for an approval.

At this point, Dynergy would like to ask the Board Secretary to extend the term of the current licence until the matter of the new Licence has been approved.

Should you have any questions or require additional information, please do not hesitate to contact me.
