Proposed Hearing Plan

To ensure that the best use is made of the time available for the evidentiary portion of the oral proceeding, the parties are to file a proposed Hearing Plan with the Board by **September 4, 2013**. The plan shall identify the issues that the applicants, intervenors, and Board staff propose to examine orally, including the estimated time required for each issue. The Board will assume that any issues not identified by each party will not be examined any further during the oral hearing because it is either settled, or may be included in each party's final argument. Since the Board does not expect the oral hearing to last more than seven days, parties are encouraged to weigh the materiality and priority of the issues they wish to examine. The hearing plan will also identify and establish the sequence of witness panels.

The purpose of the Pre-Hearing Conference will be to finalize the Hearing Plan and address any disputes regarding the scope and timing for cross-examination. The Pre-Hearing conference will be conducted with the panel and will be transcribed.
