

**EB-2013-0303**

**IN THE MATTER OF** the *Ontario Energy Board Act*, 1998, S.O. 1998, c. 15, Schedule B;

**AND IN THE MATTER OF** an application by Priority Submetering Solutions Inc. for a Unit Sub-Metering Licence.

By delegation, before: David Richmond

**INTERIM DECISION AND ORDER**  
**August 26, 2013**

The Ontario Energy Board received an application to renew Unit Sub-Metering Licence ES-2007-0963 from Priority Submetering Solutions Inc. ("Priority") on August 21, 2013. The Board assigned the application file number EB-2013-0303.

The licence was issued to the applicant on August 22, 2008 and expired on August 21, 2013. The licence provides that the term may be extended by the Board.

With its application, Priority filed a letter requesting an extension to the term of the licence, pending the final determination of its renewal application. The applicant is currently providing unit sub-metering services.

Considering the time required to process an application in accordance with the Board's established practice and procedures, and considering the applicant's need for a licence to continue its unit sub-metering activities, I find that it is in the public interest to make an order extending the term of licence ES-2007-0963 until such time as the renewal application is determined on a final basis.

The applicant is reminded that it carries the onus of filing an application on a timely basis given the requirements of notice, and the Board's typical timelines of processing licence applications.

**IT IS THEREFORE ORDERED THAT:**

The term of Priority Submetering Solutions Inc.'s licence ES-2007-0963 is extended until the licence renewal application is determined on a final basis.

**DATED** at Toronto, August 26, 2013

**ONTARIO ENERGY BOARD**
