LETTER OF COMMENT

Comments:

Transmission lines need to be buried, especially close to the urban area of Smithville. At the very least, lines need to be buried along South Grimsby Road #s 5 and 6. Way too close to homes not to be buried. Also, in very close proximity, there are two cell phone towers (Along RR 20, between SG Rd 6 and SG Rd 5) as well as a hydro corridor cutting through South Grimsby Road 5-having more 'energy' erected is so not fair to those of us who live close by. Why was a draft line proposed from Wainfleet up along RR 27? Makes more sense to steer lines away from urban areas, but if not, then at the very least PLEASE, PLEASE BURY THE LINES ALONG SOUTH GRIMSBY ROAD 5 AND 6.

Name: Lisa Kasko Young
