Dear Ms. Walli:

**EB-2013-0301 – OEB Review of Framework Governing the Participation of Intervenor in Board Proceedings – Hydro One Networks Inc. Participant Request**

---

In response to the Ontario Energy Board's August 22, 2013 letter to licensed electricity and natural gas utilities and other interested parties, I am writing to indicate that Hydro One Networks Inc. ("Hydro One") welcomes the opportunity to participate in the Ontario Energy Board's review of the framework relating to the participation of Intervenor in Board proceedings.

Hydro One's interest in this proceeding stems from the fact that we are among the largest funders of cost awards issued by the OEB. We acknowledge the contribution that meaningful intervention provides to the process and ultimately to ratepayers. Nevertheless, Hydro One and all utilities are certainly motivated in joining with the Board to ensure that this intervention is done as effectively and efficiently as possible.

Hydro One intends to participate in the consultation by providing written comments in response to the open letter sent to the parties. Furthermore, Hydro One wishes to be registered and intends to participate in person at the Stakeholder Conference scheduled for October 8 and 9. Hydro One will provide an email to this effect as instructed in the letter of August 22.

Hydro One will not be seeking cost eligibility with respect to this proceeding.

Hydro One requests that documents filed with the Board in this proceeding be served on Hydro One Networks as follows:
