Attn: Board Secretary

RE: Brant Power Inc. – Rate Application (EB-2012-0109)

Brant County Power Inc. (BCP) as an embedded distributor of Brantford Power (BP) is requesting intervenor status in the above noted proceeding.

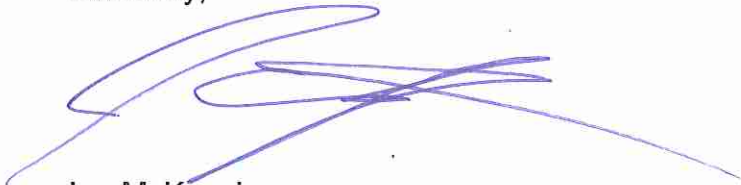

As BCP is an LDC regulated by the OEB, we are not requesting intervenor funding for this proceeding.

BCP will be representing our rate payers interests (expenses paid to BP for distribution / LV services).

BCP is of the view that a written hearing is sufficient for any potential areas of concern we may have arising out of this proceeding.

If you have any questions, please don't hesitate to contact me directly.

Sincerely,

Ian McKenzie
Chief Financial Officer and Director of Regulatory Affairs
