Curriculum Vitae of Dave Schultz

Mr. Schultz is currently the Vice-President, Commercial East, Canadian Gas Pipelines, responsible for the financial performance of the TransCanada Mainline.

Mr. Schultz joined NOVA Gas Transmission Ltd. (NGTL) in 1988 and worked in the operations area of the gas transmission business. He assumed leadership of one of the groups in that area in 1995 and after TransCanada merged with NGTL he moved into the role of Team Leader, Mainline Planning West within the Pipeline System Design department in 1998.

Starting in 2000, he held the position of Manager within the Sales and Marketing department, accountable for managing commercial contracts and activities with producer customers.

In 2007, he assumed the role of Director of System Design for the TransCanada Mainline.

Mr. Schultz received a Bachelor of Science degree in Electrical Engineering from the University of Alberta in 1986. He is a Professional Engineer registered with the Association of Professional Engineers and Geoscientists of Alberta.
