Dear Ms. Walli:

**Re: Board File Number: EB-2012-0451, EB-2012-0433, EB-2013-0074
8081 Woodbine Investments Ltd.**

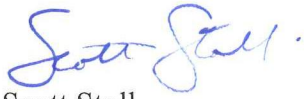

We are writing to follow up in regards to the land requirements of Enbridge Gas Distribution Inc. ("**Enbridge**") in respect of lands owned by the Intervenor, 8081 Woodbine Investments Ltd. ("**8081**"), near Rodick Road in the Town of Markham. 8081 owns two properties which are identified as Part 1 and Part 2 on the attached reference plan, 65R-32626.

During the Preliminary Hearing on September 5, 2013, (Transcript, page 28, lines 12-23) it was indicated by counsel for 8081 to counsel for Enbridge that 8081 would not require any time for cross-examination of the Enbridge Panel #4 if it could be confirmed on the record that access to and land requirements from Part 1 was not required by Enbridge. Enbridge indicated it would file a follow up letter confirming such information. Enbridge can confirm it does not require land rights from 8081 in respect of Part 1. Enbridge and 8081 continue to discuss the use of Part 2 for the proposed Buttonville Station which is part of the GTA Project.

Enbridge will continue to work with landowners as the project progresses. I trust this is satisfactory.
