Dear Ms. Walli:

**Re: EB-2013-0321 – 2014/15 Payment Amounts Application**

Attached please find an Application by Ontario Power Generation Inc. ("OPG") for an order or orders approving payment amounts for prescribed generation facilities commencing January 1, 2014. I am providing twelve (12) paper copies of OPG's prefiled evidence.

OPG is also submitting this Application on the Regulatory Electronic Submission System ("RESS"). This material will be available on OPG's website on October 4, 2013 at <http://www.opg.com>.

In previous payment amount applications, OPG has been directed to post a "Notice of Application" in 81 publications across Ontario. As a cost saving measure and to increase regulatory efficiency, OPG respectfully requests that the OEB consider reducing the number of publications in much the same way as it did in Hydro One's recent application for transmission rates (EB-2012-0031). In that proceeding, Hydro One was directed to serve its application on specific interested parties, to publish the Notice in 4 publications, and to make its materials available at its offices and on its website. This is the approach that was successfully used in OPG's 2012 application to clear deferral and variance accounts (EB-2012-0002).

Please contact me if you have any questions with this submission.

Best Regards,

Colin Anderson
