Dear Ms. Walli:

Re: Northwatch Submissions
Review of Framework Governing the Participation of Intervenor in Board
Proceedings - Consultation Board File Number: EB-2013-0301

Northwatch is a public interest organization concerned with environmental protection and social development in northeastern Ontario. Founded in 1988 to provide a representative regional voice in environmental decision-making and to address regional concerns with respect to energy, waste, mining and forestry related activities and initiatives, Northwatch has a long-term and consistent interest in electricity planning in Ontario. In particular, Northwatch's interests are with respect to electricity generation and transmission in northeastern Ontario, conservation and efficiency measures, and rates and rate structures. Northwatch is a coalition of community and district based environmental, social justice and social development organizations.

The purpose of this letter is to provide Northwatch's comments on the questions posed in the Ontario Energy Board's communication of 22 August 2013 with respect to the Board File No. EB-2013-0301, the *Review of Framework Governing the Participation of Intervenor in Board Proceedings*. Northwatch's submission is attached.

Thank you for your consideration. We look forward to our continued participation in this important review.

Yours truly,

Brennain Lloyd
