Dear Ms. Walli:

New TSC Obligations (Regional Planning)

We are writing this letter to clarify a couple of the obligations placed on transmitters as a result of the recent amendments made to the Transmission System Code (TSC). Based on our reading of the TSC, we assume the obligation to file a status report on regional planning (pursuant to section 3C.3.3 of the (TSC) commences once a Regional Infrastructure Plan is in place. In addition, given that FNEI will only be doing regional planning for one region (the "North of Moosonee" Region), the planning prioritization obligations in sections 3C.4.2 and 3C.4.3 of the TSC have no application to FNEI. Please advise or contact me if this is incorrect.

Yours very truly,
