Dear Mr. Louis Joe:

Thank you for submitting a letter of comment regarding the Bluewater Power Distribution Corporation ("Bluewater") application EB-2013-0112.

The Ontario Energy Board ("OEB") has been working to simplify notices of applications ("Notice") in order to make them more meaningful to the consumers they impact. As such, we appreciate your feedback in our pursuit of continuous improvement. Your comments have already been shared with the appropriate staff to consider.

The bill impact expressed in the Notice expresses the dollars and cents that would be added to the Delivery line of your bill if Bluewater's application is approved as is. In this case, that impact is seven cents.

Your letter will be provided directly to the panel of Board members who will be deciding whether or not to approve Bluewater's application. Please note that in reaching its decision, the panel will only be able to consider comments which relate to the issues which are within the OEB's authority and are relevant to the issues being considered by the panel.

Thank you again for your input.

Yours truly,
