Dear Mr. Langematz:

**Re: Carma Industries Inc.
Unit Sub-metering Licence Application
Board File No. EB-2013-0299**

The Board is in receipt of your submission dated October 3, 2013. The Notice of Application for this proceeding specified that any party wishing to make a submission on the application was to file it with the Board by September 26, 2013, and that a complete copy of the written submission must be provided to the applicant. Your written submission was not filed on time and it is unclear as to whether or not it was copied to the applicant. If you still wish the Board to consider your submission, you must provide reasons for your lateness and confirm that you have provided a complete copy of your submission to the applicant.

In light of the Notice of Application and in accordance with the Board's Rules of Practice and Procedure (a copy of which can be found on our website at www.ontarioenergyboard.ca), the Board may decide to disregard evidence or other material that is filed late, or it may provide the applicant with an opportunity to respond to your submission before making such determination on whether or not to accept the late filing.

Yours truly,

Original Signed By

John Pickernell
Assistant Board Secretary
