**Re: Enbridge Gas Distribution Inc. ("Enbridge")
Ontario Energy Board ("Board") Docket No.: EB-2010-0302
Dow Moore, Corunna and Seckerton Pipeline Project (the "Project")
Final Monitoring Reports**

As per Appendix A, Conditions of Approval, in the Board's Decision and Order issued on March 21, 2011, Enbridge filed the Final Monitoring Report for the Dow Moore, Corunna and Seckerton Pipeline Project on June 27, 2013. In the cover letter, Enbridge indicated it will update the Board later in the year on the outstanding issues described in Table 5 of the Report.

Enbridge reports that it has reached a mutually satisfactory agreement with the affected landowner and tenant farmer on the issue related to the land profile ponding (Table 5 Issue #6). Land profile restoration is planned to be completed in 2014 after the wheat harvest.

If you have any questions, please contact the undersigned.

Yours truly,
