RE: POSTPONEMENT OF THE INTERVENOR EVIDENCE FILING DATE

The Board has received the Notice of Motion filed by the School Energy Coalition (SEC) dated October 30, 2013 requesting, among other things, an order requiring Hydro One Networks Inc. and/or Norfolk Power Distribution Inc. to provide information sought by a number of parties to the proceeding, including SEC and an extension of the time periods set out in Procedural Order No. 5 with respect to intervenor evidence and submissions until a reasonable time after the information requested in the SEC motion is provided to the parties. The Board has also received the letter from counsel to Essex Powerlines Corporation, Bluewater Power Distribution Corporation and Niagara-on-the-Lake Hydro which supports the relief sought by SEC and gives notice of its intention to participate fully in the motion.

The Board is currently reviewing the above mentioned documents and is considering how to proceed. The Board notes that intervenor evidence, if any, is due to be filed with the Board on November 4, 2013. In light of these recent developments, the Board is hereby postponing the date for filing intervenor evidence pending further direction by the Board by way of Procedural Order to be issued next week.

Yours truly,
