Dear Ms. Walli:

**Re: Natural Resource Gas Limited
Board Proceeding Nos. EB-2012-0406 and EB-2013-0081**

I received Mr. Thacker's letter dated November 13, 2013 by e-mail late in the day on Friday, November 15.

The Town Of Aylmer was granted intervenor status in this matter as requested in my letter dated April 9, 2013. The Town has participated throughout the proceeding. Its interest is in Issue #1, only.

I filed the Town of Aylmer's written argument, limited to that issue, on the appropriate date according to Procedural Order No. 5. The position taken by the Town is similar to, although somewhat narrower than, the position outlined by IGPC, to which NRG has fully responded. It is also similar to that of Board Staff, filed the same date as the Town's. As such, there is no basis for NRG's allegations of unfairness on the part of the Town.

Nevertheless, if, having reviewed all of the submissions, NRG now wishes an opportunity to file a brief reply, limited to any additional points raised by the Town of Aylmer, I would have no objection.

Yours truly,

Stockwoods LLP
