Subject: OPG Petition

Ontario Energy Board:

Ms. Kirsten Walli
Board Secretary

It is our understanding that the OPG has petitioned the Ontario Energy Board for a possible 30% increase in Hydro.

Maybe it's time the Ontario Hydro Employees took a pay cut instead and a reduction in their extravagant retirement packages. Of all the government employees, Ontario Hydro has the highest percentage of the hundred thousand dollar club members. Maybe they can brown bag it at lunch time like everybody else, instead of charging the executive lobster lunches at the Keg and other expensive restaurants.

Perhaps if they had better management and controlled spending we could be like the other provinces that are paying one third of what we are paying.

Sincerely
Paula and Lou LaBerge
