LETTER OF COMMENT

Comments:

I have struggled to pay my hydro bills which have increased dramatically over the past 10 years. I am retired and on a fixed income which does not increase. I ask that you not allow the OPG to raise its payment amounts as I and many other pensioners will be moving closer to having to sell our houses and move to who knows where! I would very much appreciate being able to stay in my house until I am no longer physically able to care for it but if I have to continue to accept increase after increase in my hydro bills, I may just wind up on the street.

Thank you for considering my request.
