**Re: Request for Extension for Filing Intervenor Cost Claims  
Board File No. EB-2012-0442**

We have received correspondence from the Ritzemas dated November 18, 2013, in which they requested a two week extension to the date for filing cost claims.

The Board has decided to grant that request and has accordingly deferred the dates for the filing of objections by Varna Wind, Inc. (the "Applicant") and final reply as set out in its Decision and Order dated November 4, 2013. The revised dates for the cost awards process are as follows:

1. Parties that were granted cost eligibility shall file their cost claims with the Board, and deliver a copy to the Applicant, by **December 2, 2013**. The cost claims must be in accordance with the Board's *Practice Direction on Cost Awards*.
2. If the Applicant objects to any cost claim, it must file its objection with the Board, and deliver a copy of the objection to the party whose cost claim is being disputed, by **December 13, 2013**.
3. Any party whose cost claim is disputed must file a reply submission with the Board, and provide a copy of the reply submission to the Applicant, by **December 23, 2013**.

Sincerely,
