RE: EB-2013-0109
Clearance of Union Gas 2011 DSM Accounts

Dear Ms Walli,

GEC writes to advise the Board of its position on the matters raised in the proceeding above, although we are not an intervenor. We have just reviewed the relevant redacted transcript. GEC notes that as a result of the new rules in place for audits of 2012 and future DSM results all evaluation reports should routinely be made available to the audit committee. In 2011 that was not the case. Had the reports been available, GEC believes that the current disputed matters would likely have been resolved without the need for a hearing. Accordingly, we ask the Board to reinforce our position that all such reports should automatically be disclosed on an ongoing basis.

Sincerely,

Kai Millyard
for the Green Energy Coalition
