ONTARIO ENERGY BOARD NOTICE TO CUSTOMERS OF CAMBRIDGE AND NORTH DUMFRIES HYDRO INC.

**Cambridge and North Dumfries Hydro Inc.
has applied to raise its electricity distribution rates.
Learn more. Have your say.**

Cambridge and North Dumfries Hydro Inc. has applied to the Ontario Energy Board to increase the amount it charges by \$2.24 each month for the typical residential customer beginning on May 1, 2014. Other customers, including businesses, may be affected as well.

THE ONTARIO ENERGY BOARD IS HOLDING A PUBLIC HEARING

The Ontario Energy Board (OEB) will hold a public hearing to consider Cambridge and North Dumfries Hydro's request. We will question the company on its case for a rate increase. We will also hear arguments from individuals and from groups that represent Cambridge and North Dumfries Hydro's customers. At the end of this hearing, the OEB will decide what, if any, increase will be allowed.

Distributors typically apply for a full review of their rates every five years. Any rate changes for the years in between are automatically tied to inflation (and other factors intended to promote efficiency).

The OEB is an independent and impartial public agency. We make decisions that serve the public interest. Our goal is to promote a financially viable and efficient energy sector that provides you with reliable energy services at a reasonable cost.

BE INFORMED AND HAVE YOUR SAY

- become an active participant (called an intervenor). Apply by December 1, 2013 or the hearing will go ahead without you and you will not receive any further notice of the proceeding.
- at the end of the process, review the OEB's decision and its reasons on our website.

All seven women on the team of the 1972 Olympics were from Savage's club.

For nearly two decades she used her elite coaching skills by running a professional coaching program at Toronto's Seneca College.

This program helped many figure skating and gymnastic coaches become paid professional coaches.

Savage mentioned she had worked with former Cambridge professional figure skat-

ing coach Kerry Leitch. Some of his skaters practised gymnastic routines.

She praised Cambridge gymnast 16-year-old Victoria Moors and said, "She is doing extremely well and has a great future ahead of her."

In 2003, Savage was awarded with the prestigious Geoff Gowan Award for her lifetime contribution to coaching development in Canada. She has lived in Cambridge for the past 18 years.
