Please stop this increase and hold responsible the ones who waste our tax dollars and funds that could have been used to alleviate any shortfalls in funds. Why do we (the common man barely making a living) always have to bear the burden of waste and mismanagement of our tax dollars? The government is sending a message: we should learn to live on less, while they live well, unaffected by their own indifference. Please help to slow inflation, stop making the average person poorer. Something is wrong when the rich continue to get richer but the average man must forgo savings just to pay bills. They tell us we can't have a raise (for over 4 years) yet allow corporations and the rich to continue to give themselves raises. Please stop this insanity. Make us proud to be Canadian, proud of our system.
