Dear Ms. Walli:

Paul Bachand

**Re:      EB-2011-0140: East-West Tie Line Designation Proceeding  
Payment of Phase II Cost Order**

Honourary Counsel:

We were counsel for the Métis Nation of Ontario (“MNO”) in the abovementioned proceeding. We write, on behalf of our client, to enquire with respect to the timelines for payment of the Board’s Phase II cost order issued on October 1, 2013.

Arthur C. Pape  
(1942 – 2012)

While we understand Pic River First Nation (“PRFN”) has requested a review and variation of the Board’s Phase II cost award decision in the designation proceeding, our client is optimistic that this will not further delay payment of the costs orders to other intervenors whose cost orders are not being appealed.

Jennie Jack  
(Non-Practicing)

The MNO is requesting clarification on this and the estimated timeline for payment of the cost order awarded to it.

Yours very truly,

Jason Madden
