Enclosure

ONTARIO ENERGY BOARD

IN THE MATTER OF the *Ontario Energy Board Act*,
1998, C. S.O. 1998, c.15 (Sched. B);

AND IN THE MATTER OF an Application by Canadian
Niagara Power Inc. for an Order or Orders pursuant to
Section 78 of the *Ontario Energy Board Act, 1998*
approving or fixing just and reasonable rates and other
service charges for the distribution of electricity.

Reply to Board Staff Comments on Draft Rate Order

Canadian Niagara Power Inc. (“CNPI”) filed an application with the Ontario Energy Board (the “Board”) on August 16, 2013 under section 78 of the Act, seeking approval for changes to the rates that CNPI charges for electricity distribution, effective January 1, 2014 (the “Application”). CNPI operates in three geographical service areas: Port Colborne, Fort Erie and Gananoque (Eastern Ontario Power). The Board assigned file number EB-2013-0117.

On December 5, 2013, the Board issued its Decision and Order in the matter of the Application. In accordance with the Board’s Decision and Order, on December 17, 2013, CNPI received Board staff comments on CNPI’s Draft Rate Order filed December 10, 2013. Board staff commented on the following material filed:

Draft Tariff of Rates and Charges for all service territories

For each rate class that contains a Monthly Rates and Charges – Regulatory Component, Board staff noted that the third paragraph beneath the Application section did not match the wording approved in CNPI’s 2013 Board approved Tariff of Rates and Charges. The wording contained in the paragraph should read as follows:

Unless specifically noted, this schedule does not contain any charges for the electricity commodity, be it under the Regulated Price Plan, a contract with a retailer or the wholesale market price, as applicable. In addition, the charges in the MONTHLY RATES AND CHARGES – Regulatory Component of this schedule do not apply to a customer that is an embedded wholesale market participant.

CNPI has amended the wording to read as above in the applicable rate classes.

Port Colborne Draft Tariff of Rates and Charges

Board staff noted that for all classes, with the exception of the Standby Power and microFIT classes, the Rate Rider for PILs Account Disposition – effective until December 31, 2016 displayed a fixed charge. As per CNPI's current Board approved Tariff of Rates and Charges issued December 20, 2012, the PILs rate rider is a variable charge for all classes.

Furthermore, Board staff noted that the rate description associated with the PILs rate rider stated in the above paragraph should be written as follows:

Rate Rider for Disposition of Deferred PILs Variance Account 1562 - effective until December 31, 2016

CNPI has amended the attached Tariff of Rates and Charges to reflect the changes noted above with respect to the Deferred PILs Variance Account.

A revised Draft Tariff of Rates and Charges accompanies this submission as Appendix "A".

All of which is respectfully submitted

CNPI
