Ms. Kirsten Walli
Board Secretary
Ontario Energy Board
2300 Yonge Street
27th Floor
Toronto, ON M4P 1E4

Dear Ms. Walli:

**Re: Interrogatories for Dufferin Wind Power Inc. from the Corporation of the
County of Dufferin
Board File No.: EB-2013-0268**

Please find attached the Interrogatories of Dufferin Wind Power Inc. from the Corporation of the County of Dufferin as required by Procedural Order No. 2 in the above-noted proceeding.

Due to the ice storm, we do not have access to the RESS system and have provided this via email only. Filing on the RESS will occur as soon as possible.

Yours truly,

AIRD & BERLIS LLP

THE CORPORATION OF THE COUNTY OF DUFFERIN ("County")
INTERROGATORIES
DUFFERIN WIND POWER INC.

Interrogatory #1

Preamble:

The trail lands will continue to be owned by the County and will continue to be used by the public for walking, snowmobiling and other recreational activities both during and after construction. It appears the temporary working area easement is not segmented. These questions pertain solely to the lands owned by the County.

References:

Tab B, Schedule 1, Exhibit E.

Question:

- a) What is the process that DWPI used to determine the extent of the temporary working area easement? Please provide a detailed description and highlight any areas where DWPI deviated from the process and the reasons therefore.
- b) What is the time duration of the temporary working area easement?
- c) How will DWPI maintain safe accessibility during construction for the public users of the trail?
- d) What is the process for removing the temporary working area easement from the lands records?
- e) What is the process that DWPI used to determine the extent of the permanent working area easement? Please provide a detailed description and highlight any areas where DWPI deviated from the process and the reasons therefore.
- f) What assurance does the County and its residents have that proper insurance, liability and environmental, will be maintained by DWPI (or subsequent transmitter) throughout construction, operation and decommissioning of the transmission line?
- g) What is the anticipated decommissioning cost of the transmission line?
- h) What guarantee does the County have that sufficient funds will be maintained by the Applicant and its successors to decommission the transmission facility and remove the permanent easement from title?
