DECISION AND ORDER

January 9, 2014

Northland Power Solar Martin's Meadow's L.P., Northland Power Solar Abitibi L.P., Northland Power Solar Empire L.P., and Northland Power Solar Long Lake L.P. each filed a complete application on November 15, 2013, under section 60 of the *Ontario Energy Board Act, 1998* for electricity generation licences as Feed-in Tariff Program participants. The Board assigned file numbers EB-2013-0376, EB-2013-0377, EB-2013-0378, and EB-2013-0379 to these applications, respectively. Each of the applicants applied for authorization to own a generation facility.

The Board's combined Notice of Application and Written Hearing for the four electricity generation licences was posted on December 6, 2013. No parties responded to the Notice of Application and Written Hearing.

After considering the applications, it has been found to be in the public interest to issue the electricity generation licences under Part V of the Act.

IT IS THEREFORE ORDERED THAT:

The applications for electricity generation licences are granted, on such conditions as are contained in the attached licences.
