To: All Who Filed Letters of Comment:

The Board has acknowledged receipt of your letter of comment regarding the Ontario Power Generation Inc. application (EB-2013-0321) in previous correspondence.

If approved, the application as originally filed would have resulted in an increase of about \$5.36 each month for the typical residential customer. On December 6, 2013, OPG revised the application. If approved, the revised application would result in an increase of about \$5.94 each month for the typical residential customer. OPG posted a revised notice on its website on January 6, 2014. If you wish further information on the application and the revised application, please select the file number on the Board's website at www.ontarioenergyboard.ca/notice.

Yours truly,
