Dear Mr. Mattson:

**Re: Ontario Power Generation Inc.
2014-2015 Payment Amounts Application
Board File Number EB-2013-0321**

On January 16, 2014 the Ontario Energy Board (the "Board") received Lake Ontario Waterkeeper's ("Waterkeeper") request for intervenor status in the EB-2013-0321 proceeding and eligibility for an award of costs.

The Board approves Waterkeeper as an intervenor in this proceeding and has determined that Waterkeeper is eligible to apply for an award of costs. In this regard, Waterkeeper should be mindful of the principles for awarding costs, among other things, found in Board's *Practice Direction on Cost Awards*.

The approval granted by the Board is conditional, subject to any objections from parties filed with the Board.

The Board reminds Waterkeeper that it should consult Procedural Order No.1 dated December 20, 2013 which sets out the deadlines for any submissions by parties on the draft issues list and the confidential treatment of certain information.

Yours truly,
