

**EB-2013-0420**

## **NOTICE OF APPLICATION**

**Union Gas Limited has applied for approval to build  
a replacement natural gas pipeline in the Town of Lakeshore, County of Essex**

### **What?**

Union Gas Limited has applied to the Ontario Energy Board (OEB) for approval to construct 13 kilometers of 20 inch diameter natural gas pipeline and associated facilities in the Town of Lakeshore, County of Essex. The attached map shows details of the proposed pipeline route.

The approximate cost of the pipeline is \$ 29.6 million.

### **Why?**

Union says the new 20 inch diameter pipeline will replace a portion of the existing 16 inch diameter Panhandle Line. The proposed pipeline will eliminate the risk associated with the integrity issues of the existing pipeline and will provide additional capacity for future growth on Union's Panhandle System.

### **The Ontario Energy Board's Role**

The OEB will hold a hearing to consider whether Union's request for approval to construct the proposed pipeline should be granted.

### **Have Your Say**

There are several ways you can get involved in the process:

- You can apply for intervenor status, which will allow you to participate more actively.
- You can file a Letter of Comment with the OEB.
