**Re: Enbridge Gas Distribution Inc. ("Enbridge")
EB-2012-0451 - Greater Toronto Area ("GTA") LTC Project
Conditions of Approval - Draft Accounting Order**

In its EB-2012-0451 Decision and Order issued on January 30, 2014, the Ontario Energy Board (the "Board") directed that Enbridge file a Draft Accounting Order in respect of a deferral account to track the revenue requirement impact of incremental capital spending associated with the transmission component of Enbridge's GTA Project. The Board required Enbridge to file this Draft Accounting Order within 10 days of the date of the Decision and Order.

Enbridge's regulatory group is currently involved in the Settlement Conference for the 2014-2018 Customized Incentive Regulation application (EB-2012-0459) and this Settlement Conference is scheduled to continue until February 7, 2014. The members of Enbridge's regulatory group who are extensively involved in the Settlement Conference are needed to work on the deferral account proposal and Draft Accounting Order required by the EB-2012-0451 Decision and Order. Enbridge therefore respectfully requests that the date for filing of the Draft Accounting Order be extended to Friday February 21, 2014.

Please contact me if you have any questions.

Yours truly,

Andrew Mandyam
Director, Regulatory Affairs
