Dear Ms. Walli:

Correction to APPrO's Cost Claim

We are counsel to the Association of Power Producers of Ontario ("APPrO"). In the course of recent year-end accounting, an error was discovered in APPrO's original cost claim in the above-noted proceeding. The cost claim contained a calculated HST amount on APPrO's consultant's fees; however, most of the consultant's work was done in the United States and HST was not charged on these fees. The net effect is an amount owing from APPrO to Hydro One in the amount of \$18,544.04. Upon discovering the error earlier this week, we contacted Hydro One and have arranged for repayment. Hydro One will be confirming receipt of the funds by way of letter to the Board. Should the Board have any questions, please contact me directly.

Yours very truly,

Richard King
