Re: Hydro One Networks 2014 Distribution Rate Application
FOCA Request for Intervenor Status, Board File **EB-2013-0416**

February 13, 2014

Dear Ms Walli,

Pursuant to the above Board File, FOCA wishes to apply for intervenor status and an award of any out of pocket expenses for travel, meals and any necessary overnight accommodation.

FOCA is a not-for profit educational and advocacy group representing the interests of residential waterfront property owners, who comprise a significant portion of the 150,000 members of Hydro One's "Seasonal Class". FOCA was established in 1963 and has 500 paid member associations having an underlying membership of almost 50,000 families.

In this application FOCA's main interest is the allocation and equity of costs distributed to the various rate classes and most specifically to the Seasonal rate class.

Our representatives for service in this proceeding are:

John McGee, P.Eng.
