Board Secretary

By electronic filing and e-mail

Dear Ms Walli:

Re: EB-2013-0416 Hydro One Networks Inc. 2015-19 Distribution Rates – GEC Intervention

The Green Energy Coalition (GEC) hereby requests intervenor status in this matter and requests that it be found eligible for costs.

The GEC is comprised of David Suzuki Foundation, Greenpeace Canada, Sierra Club of Canada and World Wildlife Fund of Canada. GEC's member groups are charitable or non-profit organizations active on environmental and energy policy matters. The GEC has previously been found eligible for costs in related matters before the Board.

3. The groups' particular interest in these proceedings is, *inter alia*, in regard to the appropriateness of the proposed major increase in the fixed component of rates which will reduce the financial incentive for customers to conserve energy. GEC also seeks to confirm that HONI will not be seeking a variance account for line losses going forward.
