Ontario Energy Board
COST CLAIM FOR HEARINGS

Affidavit and Summary of Fees and Disbursements

This form should be used by a party to a hearing before the Board to identify the fees and disbursements that form the party's cost claim. Paper and electronic copies of this form and itemized receipts must be filed with the Board and served on one or more other parties as directed by the Board in the applicable Board order. Please ensure all required fields are filled in and the Affidavit portion is signed and sworn or affirmed.

Instructions

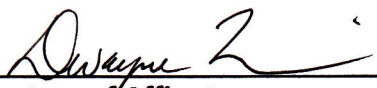

- Required data input is indicated by yellow-shaded fields. Formulas are present in the document to assist with the calculation of the cost claim.
- All claims must be in Canadian dollars. If applicable, state exchange rate and country of initial currency.
Rate: _____ Country: _____
- A separate "Detail of Fees and Disbursements Being Claimed" (comprising a "Statement of Fees Being Claimed" and a "Statement of Disbursements Being Claimed") is required for each consultant or lawyer/articling student/paralegal. However, only one "Summary of Fees and Disbursements" covering the whole of the party's cost claim should be provided.
- The cost claim must be supported by a completed Affidavit signed by a representative of the party.
- A CV for each consultant must be attached unless, for a given consultant, a CV has been provided to the Board in another process within the last 24 months.
- Except as provided in section 7.03 of the Practice Direction on Cost Awards, itemized receipts must be provided.

FOCUS

Assisting organizations with proactive adaptation to legislative and regulatory evolution and resulting market developments. Identifying the organizations' needs and goals and using strategic insights into public policy evolution to develop strategic and tactical initiatives to address proactively the pending opportunities and challenges. As a professional engineer with a Masters of Business Administration, I have over 20 years of utility experience including over 10 years influencing public policy and regulation; achieving personal credibility with governmental and regulatory bodies.

ACCOMPLISHMENTS

- Evolved a combined, traditional gas and water utility into a customer-sensitive organization delivering bottom line value to customers and owners
- Instituted Mutual Gains (Interest Based) Bargaining with labour union in 1999
- Directed market research of customers and owners to determine their desires for the natural gas utility in a deregulated environment
- Developed and implemented a direct purchase strategy to buy natural gas for the utilities customers
- Directed the branding of Kitchener Utilities as the Community-Owned Utility
- Recontracted natural gas transportation and delivery agreements resulting in substantial savings
- Developed strategy to implement full cost recovery from water and wastewater systems receiving Council approval to represent the City at public hearings on the Draft Sustainable Water and Sewer Systems Act
- Directed market research of customers to determine their expectations of long-term outlook, investment and willingness to pay for sustainability
- Implemented the principles of the Sustainable Water and Sewer Systems Act absent regulations resulting in two consecutive 18% water and wastewater rate increases with significant public acceptance
- Worked with the Ministry of the Environment, Ministry of Municipal Affairs and Public Infrastructure Renewal to evolve financial regulations to be more effective for municipal water utilities

RESULTS

- Satisfied and engaged work force
- Customer understanding and appreciation for our service measured through Market Research
- Customer natural gas savings of over \$25 million in 7 years through implementation of direct purchase
- Incremental profits of over \$25 million dollars in same 7 years from the for-profit aspect of the natural gas utility while keeping customer rate increases below the rate of inflation
- Kitchener's water and wastewater utilities positioned to be fully financially sustainable
- Water and wastewater utilities across the province benefit from more effective financial planning regulations
