Dear Ms. Walli

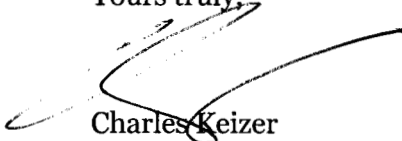

**Re: EB-2013-0321 - Application by Ontario Power Generation Inc.
For 2014-2015 Payment Amounts (the "Application")**

We are counsel for Ontario Power Generation Inc. ("**OPG**"). We are writing to the Ontario Energy Board's ("**OEB**" or the "**Board**") in respect of School Energy Coalition's (SEC) letter of today requesting approval to deliver interrogatories beyond the time prescribed in Procedural Order No. 1 in this proceeding.

SEC counsel's letter advises that their interrogatories are more than 90% completed. Given the extremely short time period that OPG has to respond to a significant number of interrogatories from Board Staff and intervenors (based on past experience), OPG requests that the OEB require SEC to deliver whatever interrogatories it has completed by 4:30pm today. Any additional interrogatories can be delivered by 12:00pm noon on March 2, 2014. The extension requested by SEC is in effect a three day extension and, relative to the time made available in Procedural Order No.1 for SEC to formulate its questions and the timeframe within which OPG is expected to respond to all interrogatories asked, an extension of that length is not reasonable in the circumstances.

Once OPG has had an opportunity to review any interrogatories delivered by SEC after today, OPG reserves its rights to make submissions to the Board respecting any like extension of time it needs to answer the late questions.

Yours truly,

Charles Keizer
