Attention: Kristen Walli, Board Secretary

Dear Ms. Walli:

**Re: North Bay Hydro Distribution Ltd. (EB-2013-0157)**  
**Application for 2014 Electricity Distribution Rates**  
**Decision and Order – Explanation of Inaccuracies**

Further to the Decision and Order of the Ontario Energy Board (OEB) dated February 20, 2014 in the above-noted matter, North Bay Hydro Distribution Ltd. (NBHDL) reviewed the draft Tariff of Rates and Charges set out in Appendix A and confirmed in a letter dated February 25, 2014 that the Tariff was complete and accurate.

Upon further review of the 'NorthBay\_EB\_2013\_0157\_FinalRateGen\_20140220', tab 5. 2014 Continuity, it has been discovered that carrying charges were not calculated in column "CN" which represents 2013 carrying charges on the 2012 principal balance. Column "CO" correctly calculates the carrying charges to April 30, 2014. The net value for 2013 carrying charges is a charge of (\$10,495) owing to customers.

NBHDL would like to bring this matter to the attention of the Board and seeks direction as to whether the Tariff of Rates and Charges can be amended to properly account for this omission.

Please contact me directly if further clarification is required.

Yours truly,
