Re: SunE Welland Ridge LP  
Application for Electricity Generation Licence  
Board File No. EB-2014-0020

With respect to the above noted application, we have reviewed the submissions identified on the Ontario Energy Board website as "H C Haeberle\_Sub-SunE Welland Ridge LP\_20140225\_Redacted" and "L Haeberle\_Sub\_SunE Welland Ridge LP\_20140225 Redacted" (collectively the "Submissions"). The applicant wishes to respond to the Submissions by noting that SunE Welland Ridge LP has acquired all permits and approvals necessary for the design, development and construction of this facility, including in particular, the Renewable Energy Approval. The issues raised in the Submissions were addressed in those approval processes, which are now complete.

The applicant respectfully requests that its application be approved and that it be granted a licence to enable it to generate electricity in Ontario in accordance with the *Ontario Energy Board Act, 1998*.

Sincerely,

Greg Scallen  
Secretary  
SunE Welland Ridge LP
