Dear Ms. Walli:

Re: Ontario Power Authority - 2014 Revenue Requirement Submission
Ontario Energy Board File No. EB-2013-0326

Pursuant to sections 25.20 and 25.21 of the *Electricity Act, 1998*, the Ontario Power Authority ("OPA") is hereby filing its proposed 2014 revenue requirement submission (the "Submission") for review and approval of the Ontario Energy Board ("Board"). The Submission is based upon the OPA's 2014-2016 Business Plan which was approved by the Minister of Energy on January 29, 2014.

The OPA wishes to inform the Board that prior to the interrogatory phase of the proceeding, it may submit supplemental evidence relating to the registration fees it proposes to charge for its Large Renewable Procurement. The final proposed fee is the subject of stakeholder engagement activities being undertaken by the OPA, and a review of the program by the Minister of Energy.

The OPA proposes that the Board's review of the Submission proceed by way of a written hearing.

Attached with this letter is a draft Issues List proposed by the OPA for the Board's consideration in this proceeding.

The OPA filed its Submission using the Board's Regulatory Electronic Submission System and encloses two paper copies of the Application and pre-filed evidence.

Yours truly,

Michael Lyle
General Counsel and Vice President
