Request for Extension

To Whom It May Concern

On Thursday, March 6, 2014 at approx. 3pm, Ag Energy received notification that our application for a renewal of our Electricity Retailer license was incomplete and required further attention.

We apologize for the oversight and errors in the application and request an extension of the license to allow us time to remedy the omissions. We respectfully acknowledge that in our haste the application was incomplete.

Ag Energy is an agricultural member owned cooperative that offers services and commodity to our owners, Members, at their request. We experienced an administrative challenge with this application which is apparent therefore request an extension to allow some much needed time to complete the application in a complete and proper manner.

We appreciate your extension and assistance at this time.

Regards,
