**Re: EB-2013-0421
Notice of Application & Hearing: Hydro One Networks Inc.
Leave to Construct Electricity Transmission Assets Intervenor Request**

We are legal counsel to Comber Wind Limited Partnership ("Comber").

By way of this letter, Comber requests intervenor status for the above noted proceeding. Hydro One Networks Inc.'s application includes reference to a proposed transmission line project that crosses the overhead and underground feeders of Comber Wind Farm. Accordingly, Comber has an interest in the matters described in the Notice.

Comber intends to be a full-time intervenor in this proceeding and reserves its right to submit interrogatories, examine witnesses and make submissions.

Please provide copies of all communications with respect to this proceeding to:
