Dear Ms. Walli,

**Re: 2014 IRM Rate Application
EB-2013-0126**

As required by The Board Decision dated March 13th, 2014 please find enclosed Erie Thames Powerlines' explanation of inaccuracies of the draft Tariff of Rates and Charges set out in Appendix A of the decision. Erie Thames Powerlines found the following two inaccuracies within the document:

1. ***In the residential service classification on page 1 of 16 the rate for the One-time payment for Deferred PILs Variance Account 1562 Disposition – effective May 1, 2014 Applicable for each customer or connection in the former service area of Clinton Power \$/customer of (\$7.96) Should be corrected to be (\$7.69) as per EB-2013-0225 decision page 4.***
2. ***On page 5 of 18 for the General Service 50 to 999 kW Service Classification the Distribution Volumetric Rate was inadvertantly left off of the Tariff Sheet and should be included as \$2.9610 per kW.***

Should you have any questions, or concerns, please contact myself at Erie Thames Powerlines Corporation at 519-485-1820 ext. 254, or via email at gpettit@eriethamespower.com.

Respectfully,
