Conditions of Approval – Construction Start Date

Further to Enbridge's letter filed earlier today, please note that the correspondence should now reference EB-2014-0017 and the Decision and Order should be based upon the Decision which was issued on January 23, 2014, Varying the Decision and Order issued on April 11, 2013.

As per paragraph 2.3 of the Conditions of Approval to the Decision, Enbridge is to provide ten days advance written notice of the start of construction. Accordingly, Enbridge is advising the Board that construction is scheduled to begin on the above noted project on March 31, 2014.

Please contact me if you have any questions.

Yours truly,
