Subject: ENBRIDGE ---- eb - 214 - 0039

Attn. Kirsten Walli --- I wish to register my opposition to the proposed Enbridge 40% rise in consumer natural gas bills. I understand this will increase the Enbridge bill for the average Ontario family by \$400 per annum, which is outrageous. Hikes in natural gas bills should be limited to the rate of inflation. If Enbridge grossly miscalculated then that should be their problem not ours.
