Kirsten Walli
Board Secretary
Ontario Energy Board
27th floor – 2300 Yonge Street
Toronto, ON M4P 1E4

Dear Ms. Walli,

Enbridge Gas Distribution Inc. ("EGD") – April 1, 2014 QRAM Application

Board File No.: EB-2014-0039

Our File No.: 339583-000007

I am writing on behalf of Canadian Manufacturers & Exporters ("CME").

On March 14, 2014, we requested additional information from EGD with respect to the QRAM Application circulated on March 12, 2014. Furthermore, this afternoon Board Staff also submitted a number of questions to EGD.

The QRAM process provides that the deadline for comments is today. However, in light of the outstanding information sought by CME and Board Staff, we submit that the Board should refrain from issuing a final approval of the commodity cost increase requested by EGD until EGD has responded to those questions.

We also request that interested parties be provided an opportunity to comment on EGD's QRAM Application once the outstanding questions are answered. To this end, we suggest that parties be given two (2) working days to provide comments on EGD's QRAM Application once the answers to the outstanding questions are provided.

Yours very truly,
