Dear Mr. Mandyam:

**Re: Enbridge Gas Distribution Inc.
April 1, 2014 QRAM Application
Board File Number EB-2014-0039**

The Board has considered the letters received from Consumers Council of Canada, Canadian Manufacturers & Exporters ("CME"), the Federation of Rental-housing Providers of Ontario, Industrial Gas Users Association ("IGUA"), and the Vulnerable Energy Consumers Coalition dated March 17 and 18, 2014, filed on the record of this application, and the letters of comment from private citizens received by the Board. The Board has also considered Enbridge's responses to interrogatories from Board staff, CME and IGUA. The Board will allow parties the opportunity to file a written submission on the evidence as it currently exists on the record, and on whether the Board should consider rate mitigation measures to smooth the impact of the increase in the commodity price.

Written submission from parties are due by end of day on March 24, 2014. Enbridge may file a written reply submission by end of day on March 25, 2014.

Yours truly,
