Dear Ms. Walli:

RE: EB-2013-0111

On March 18th, Atikokan Hydro submitted a letter addressing the Transmission and Connection rate errors.

In the last paragraph Atikokan requested that the discrepancy be addressed through the IRM 2014 process.

The correct date should read IRM 2015 as this would address the December 2013 balances in the RSVA accounts 1584 and 1586 and be applicable for May 1, 2015.

Yours sincerely,

Cheryl Marusyk
Atikokan Hydro Inc.
