Subject: Do NOT let Enbridge increase rates

Hello,

I think it's a travesty that Enbridge is even considering this. Heat is essential in Canada and during the months of Jan and Feb, I paid over \$500. That's a LOT! To add 40% to this is unthinkable. Families that are struggling will go without either food or heat. How awful! Have some compassion and let that greedy CEO give up his \$6,000,000 bonus to help pay.

Thank you for your time and consideration.

Sincerely,
Nina (a preschool/primary teacher)
