Mark Murray
Manager, Regulatory Projects
Union Gas Limited
50 Keil Drive North
Chatham ON N7M 5M1

Dear Mr. Murray:

**Re: Union Gas Limited
Panhandle NPS 16 Replacement Lakeshore Project
Board File Number EB-2013-0420**

Union has filed an application with the Board for approval of the Panhandle NPS 16 Replacement Lakeshore Project. In its application Union proposes to replace the existing NPS 16 pipeline with NPS 20 pipeline. The main driver identified for the need for replacement is to address integrity and safety issues and to add capacity to Union's Panhandle system to meet anticipated growth in the area served by the pipeline.

To complete the record in this proceeding please file with the Board information related to the cost difference between an alternative to replace the existing NPS 16 pipeline with the same size pipeline and the proposed project. All information related to this matter must be filed with the Board Secretary.

Please direct any questions relating to this application to Ms. Zora Crnojacki at 416-440-8104 or at zora.crnjacki@ontarioenergyboard.ca

Yours truly,
